BABICM Annual Conference 2018

# Exhibition Stands

The BABICM Annual Conference is the 'must-attend' event of the year for brain injury professionals, from case managers and deputies to OTs and other health workers.

Our Conference provides a captive audience always willing and ready to hear about new developments, excellence in service delivery and to make new contacts. This is why our exhibition hall offers sponsors so much value. You have the ability

to listen and learn with our delegates during the event and showcase your brand, services and products to a ready made, target audience.

We ensure there is ample time for networking during the event and invite sponsors to our evening conference dinner to meet brain injury specialists in a more informal environment.

You'll find our Exhibition Stand rates for 2018 overleaf.
