

Client Liaison Manager (CLM), Injury Services Group, Ashtons Legal

Due to further expansion of our team, we have an exciting vacancy for a Client Liaison Manager to join our well regarded Injury Services Group at Ashtons Legal. This position is ideal for an experienced Case Manager looking for career progression and a new opportunity. The successful applicant will work alongside the firm's other Client Liaison Manager to ensure clients receive support, advice and assistance. Our CLMs act as a first point of contact to clients and their families after a serious injury has been suffered in order to provide information, support and education in regard to condition, treatment, rehabilitation, social and healthcare services, statutory provision and welfare. Assisting the team with business development is another major component of the role, through the identification and forging of strong positive relationships with, key potential work referrers in the medical, rehabilitation, and associated professions. It is essential that applicants have experiences dealing with brain injuries, complex injuries, and paediatric experience would be advantageous. The role will initially be based in Thetford, however, travel to all the firm's offices and clients will be necessary.

Ashtons Legal is a growing firm in the East of England with a focus on providing excellent legal advice and client care to a diverse range of trading companies, institutions, executives and individuals across our Region and beyond. Our firm has a flexible and award winning reward and benefit structure, it also has a culture of openness with an innovative leadership looking to the future.
